Facial and Body Treatments

Collagen Induction Therapy

60min \$280.00

Commonly known as Skin needling, Collagen Induction Therapy (CIT) is the most effective tool for skin rejuvenation. Treatments reprogram the function of your skin to create healthier, firmer and more smoothly textured skin.

With expert precision, technique and timing, your skin treatment therapists at Debod Body Therapies now offers Collagen Induction Therapy. Our Therapists use the Exceed CIT pen to trigger targeted growth factors for building new collagen. Awakenning the fibroblast that lies within the deeper layers of your skin, your skin will produce new and healthy collagen.

Primissima Resurface & Renew Treatment

45min \$90.00

Vagheggi has created a chemical treatment that exfoliates the surface of the skin while regenerating and firming the dermis. A high-performance treatment for a flawless complexion: discolorations are evened out, wrinkles are relaxed, skin is revitalized, smoothed, plumped and radiant, all in total safety. Primissima is a professional peeling treatment recommended for problems of hyper pigmentation (dark spots), wrinkles, photoaging, thickening of the skin, skin imperfections such as post-acne scars, dilated pores or to prepare the skin to medical beauty treatments.

Vagheggi Fuoco Intensive Body Treatment
